MEMORANDUM

SUBJECT: Bluewater Uranium Mine Site

FROM: Robert Bornstein

TO: Bill Weis

During my site work at the Avenue A site, I will need your assistance in keeping the progress going on the Bluewater site. I have left a message on my voice mail informing people that you will be the contact person in my absence. Please also watch my mail for any information concerning the site. If you have time, please call IHS and inquire about their sampling of the preschool livestock well. I will be periodically calling you to gain updates. I have also brought with me my bluewater note book so I have a few contact phone numbers. Thanks for your assistance!
